

**WARBURTON CAPITAL MANAGEMENT, LLC
FORM CRS RELATIONSHIP SUMMARY JUNE 2020**

INTRODUCTION

Warburton Capital Management, LLC is registered with the Securities and Exchange Commission (SEC).

Brokerage and investment advisory services and fees differ and it is important for you to understand these differences. Free and simple tools are available to research firms and financial professionals at www.investor.gov/CRS, which also provides educational material about broker-dealers, investment advisers, and investing.

What investment services and advice can you provide me?

We offer investment advisory services to retail investors. We provide financial planning services, in which we provide advice and recommendations regarding your personal investment goals and objectives, personal balance sheet, tax planning, risk management, retirement, education, cash flow and investment planning. In financial planning services, we do not monitor your investments and you make the ultimate decision regarding the purchase and sale of investments. Financial Planning services are only available to those clients that also use the firm's investment advisory services.

We provide portfolio management services that we offer on a discretionary basis according to the authority you provide in an investment advisory agreement with us. When you grant us discretionary authority you provide us with authority to determine the investments to buy and sell in your account on an ongoing basis. You may impose reasonable restrictions on our discretionary authority, which must be provided to us in writing and accepted by us. As part of portfolio management services, we will continuously monitor your investments and provide advice. We may require a minimum initial and ongoing account size for portfolio management services.

We provide advice on specific investments as listed in Item 4 of ADV Part 2A. Additional information about our services can be found in ADV Part 2A, Items 4 and 7.

Ask your financial professional...

- *Given my financial situation, should I choose an investment advisor service? Why or why not?*
- *How will you choose investments to recommend to me?*
- *What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

What fees will I pay?

We charge a percentage of assets under management for portfolio management services. These fees are assessed on a monthly basis, in arrears. You should be aware that the more assets there are in your account, the more you will pay in fees. This means we have an incentive to encourage you to increase the assets in your account.

In addition to our fees, you may incur additional fees and costs related to the investments in your account, such as custodian fees, account maintenance fees, transaction costs, surrender charges, wire transfer and electronic fund fees, internal management fees of mutual funds and variable annuities, and other product related fees such as redemption fees.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Please refer to firm's ADV Part 2, Item 5 for additional information regarding our fees.

Ask your financial professional: Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

What are your legal obligations to me when providing recommendations as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

We allow our employees to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) for you presents a potential conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures.

Ask your financial professional: How might your conflicts of interest affect me, and how will you address them?

How do your financial professionals make money?

Our financial professionals receive a salary and a discretionary bonus based on their their level of responsibility within the firm and other personal qualifications. The bonus is based on years of service with company as well as the success of the company as a whole. We do not compensate based on individual new business recruited or size of book managed.

Do you or your financial professionals have legal or disciplinary history?

No – Please visit Investor.gov/CRS for a free and simple search tool to research you and your financial professionals.

Ask your financial professional: As a financial professional, do you have any disciplinary history? For what type of conduct?

Additional information about Warburton Capital Management's service and to request a copy of ADV Part 3 (Form CRS), please contact us at 918-794-3000.

Who is my primary contact person? Is he or she a representative of an investment adviser or a broker-dealer? Who can I talk to if I have concerns about how this person is treating me?
